Dear Terry Hamblen,

Thanks for the copy of Pardon Me titled Dallas Conspiracy and your enclosed, undated letter.

I havex skimmed this illness set in print. I'm glad to have it as another sample of the prevailing illness. But it is not worth the time to read it.

This man at the opening claims to be a Christian yet does not consider that of Jesus the worst murder in history?

His bibliography includes the hangings of a political nut tree but no work on the Warren Report? The relevant is irrelevant, the irrelevant is relevant, and this is worth serious attention?

More, Thomsen the one exception? His shots by the dozen accepted?

Umbrella men, more of the same. It is nutty on the face of it. Or, both are.

Garrison: I said "shadow of a happy ending". It remains a shadow, not a happy ending.

Nord Davis, Jr. is one of the dedicated wrong.

Sincerely,
